

Sustainable Culture Sub-Committee (2SC) meeting minutes, 13 April 2018

In attendance: Kelli, Karen, Elizabeth

Prepared by Elizabeth

New Faculty Senate liaison

- We are searching for a Faculty Senate liaison, since Kelli Horner is no longer a Senator.
- Marina Ramon would be a great choice. We have sent her an email asking if she would like to act as our working connection to Faculty Senate.

Update to 2SC Greensteps page (greensteps.cabrillo.edu)

- We added some verbiage from our sustainability flex event to the website (What does it mean for Cabrillo to have a sustainable culture?)

Library display case

- Photos by Chris Jordan
- A compost bin with actual YES and NO items
- A recycle bin with actual YES and NO items

Important next steps for 2SC

- We have to build a ladder between student clubs in order to connect the dots
- We want more diverse groups of students involved with Sustainability Council, Clean Oceans International and Natural History Club.
- Karen emailed Jena and Celine to suggest a showing of Albatross for Earth Week
- Elizabeth is going to ask Regeneración/Regeneration Pájaro Valley project representative at Sisters Share 4/16 meeting if there are any Cabrillo connections, e.g. students on the research team. This would be a possible great connection of the dots.
